

Do what You want to

Rex Allchurch

Key - G | Time - 4/4

VERSE 1

Do what You want to
Let nothing stop You
We are here for You
Come do what You do

VERSE 2

Yours is the kingdom
Yours is the power
All glory and honour
Belongs to You

CHORUS

Arms raised hands out
Heart cry poured out
All we want is You

BRIDGE

Expose every idol
We want revival
We don't want to move without You
Expose what is hidden
Bring us Your freedom
We don't want to move without You
Show where tradition
Has turned to religion
And help us return to You
