Intro , ,

**VERSE 1**

**G**  
We built up our formulas  
**G/D** **C**  
More than we sought out Your heart  
**Em**  
We planned out our services,  
**G/D** **C**  
Gave You the smallest part  
**Em** **G/B**  
Traded your presence to feel in control,  
**G** **C**  
forgive us oh Lord for the glory we stole  
**G/B** **C/E** **G** **D<sup>sus4</sup>**  
Help us return to You

**VERSE 2**

**G**  
The church became business,  
**G/B** **C**  
We cast out our vision for growth  
**Em** **G/D**  
Instead of our crowns at the feet  
**C**  
Of the One on the throne  
**Em** **D<sup>6</sup>**  
Traded your presence to feel in control,  
**G/B** **C**  
Then wonder why we're feeling broke and alone  
**C** **Cm<sup>6</sup>** **D<sup>sus4</sup>**  
Help us return to You

**CHORUS**

**G** **C**  
Burn me with fire till all that remains  
**Em** **D<sup>sus4</sup>**  
Is the purest desire for You  
**G** **C**  
Let any love that has taken Your place  
**Em** **D<sup>sus4</sup>**  
Be put on the altar, consumed  
**C** **Em**  
Tear down the stages, the lights, and the shows  
**G** **D<sup>sus4</sup>**  
We're done with theatrics, it all has to go  
**C/E** **D/F#** **Em**  
We return to you alone
